

CREAM CHEESE

Made with Local Milk

NO ARTIFICIAL Growth Hormones*

Passionate Cheesemakers

Since 1938

Our premium cream cheese displays a smooth, delicate texture and delightful flavor. Our premium Neufchatel is lower in fat content than traditional cream cheese. Both varieties have superior blending properties and are never sticky or gummy. They do not contain artificial colors, flavors, or preservatives.

To meet our customers' expectations, our award-winning cream cheese and Neufchatel go through strict quality controls before shipping. They are proudly made in Luana, Iowa.

Our new state-of-the-art filling and sealing packaging system ensures product consistency in every pouch and allows us to offer customized sizes, reduce lead times and enhance our capabilities for extended shelf life applications.

Prairie Farms cheesemakers are the best in the industry and our reputation for quality is recognized at state, national and regional contests year after year.

CREAM CHEESE

- A favorite choice for baked treats like cheesecake or cream puffs
- Superior blending properties make perfect toppings and frostings
- Great for dips and appetizers

*The FDA has determined that no significant difference has been shown between milk derived from artificial growth hormone treated and non-artificial growth hormone treated cows.

Since our founding in 1938, Prairie Farms has always been owned by dairy farmers. The high-quality milk produced on our farms is sent to our farmer-owned facilities for production and packaging.

We are 100% in control of the farm-to-table cycle.
