| Custom Specialty Blends | 1 | 40 lb |

*The FDA has determined that no significant difference has been shown between milk derived from artificial growth hormone treated and non-artificial growth hormone treated cows.

Since our founding in 1938, Prairie Farms has always been owned by dairy farmers. The high-quality milk produced on our farms is sent to our farmer-owned facilities for production and packaging.

We are 100% in control of the farm-to-table cycle.
